ABOUT ME

Aspiring UIUX Designer and skilled in creating user-centered web and mobile experiences using Figma, Canva, HTML, CSS, JavaScript & CSS. I have more than 1.7 year of experience in graphic designing. Also I have strong interest in solving usability problems through clean design and functional development.

SKILLS

- Design tools:** Figma, Canva
- UI & UX:** Wireframing, Prototyping, User Flows, Usability, Interaction Design
- Technical Skills:** HTML, CSS, Python, SQL, Flask,Git
- Soft Skills:** Problem Solving & Analytical Thinking, Client Communication, Adaptability, Team Collaboration

PROJECTS

- 1. AI-Powered Ticket Booking Experience (UI/UX Case Study – Figma)**
Redesigned a ticket booking platform by integrating AI-based seat recommendations to simplify user decisions and reduce repetitive browsing.Created user flows, wireframes, and prototypes(Low fidelity and high fidelity mockups).
- 2. StyleMate – AI Virtual Try-On Platform (React, Flask, MongoDB, Gemini API)**
Led end-to-end product development - designed user flows and wireframes for wardrobe management and virtual try-on features. Integrated Gemini API for AI-driven recommendations. Built scalable backend with REST APIs to support product performance.
- 3. Disney Explore Page – UI Redesign (Figma)**
Redesigned explore page to improve visual clarity and user navigation. Simplified layout using card-based design for better content organization. Added hover interactions to enhance user engagement and discoverability. Focused on improving user flow and reducing cognitive load.

EXPERIENCE

- Social Media Manager / Graphic designer**
China To India Shipping | Jan 2025 – Present
Analyzed user engagement data to drive content strategy decisions. Identified audience behavior trends and iterated on content to improve reach, interaction, and performance metrics.Created visual content for digital platforms including social media graphics and promotional materials, following brand guidelines for consistency.
- C# Windows Application Internship**
Anup Engineering & Aluminium Industries | Jul 2025 – Aug 2025
Assisted in a Windows application focused on PDF extraction, OCR processing, and document data handling to support automation requirements.
- Telecaller and Staff**
IMS Education | Apr 2023 – May 2023
Handled customer communication, collected feedback, and supported administrative and operational activities.
